## INTRODUCTION

Anderson Township is located in southeastern Hamilton County, Ohio and is the only section of the county that was originally part of the Virginia Military District. It is bounded on the south by the Ohio River, on the west by the Ohio and the Little Miami rivers, on the north by the Miami River. The eastern boundary is from the mouth of the East Fork of the Little Miami, south of its intersection with the Ohio at the mouth of Eight Mile creek. The eastern boundary separates the township from Clermont County, Ohio. The Virginia Military Lands comprised a tract originally lying between the Scioto and Little Miami rivers, bounded on the south by the Ohio River, and on the north by Auglaize, Hardin and Marion counties. The State of Virginia, from the indefinite terms of its original 1609 Charter from James I, King of England, claimed all of the continent west of the Ohio River, and of the north and south breadth of Virginia. After the Revolution, Virginia agreed to relinquish all of her claim to the land northwest of the Ohio River in favor of the central United States government. However, Virginia was allowed to retain a portion of this territory, known as the Virginia Military District, to satisfy the claims of those soldiers who had fought during the Revolution. The Virginia soldiers of the Continental Army, were compensated in bounty awards out of these lands according to their rank, time of service, and other bases of claim. Additional information for genealogical researchers of original land owners in this area may be obtained from the reference by Alma Aicholtz Smith, The Virginia Military Surveys of Clermont and Hamilton Counties, Ohio, 1787-1849 (Newport, KY: The Otto Zimmerman and Son Company, Inc., 1985).

The records in this book provide the vital statistics of pioneer families named in Hamilton County, Ohio history books for Anderson Township. We have attempted to locate and record grave-stones for all known burial sites within Anderson Township. Mt. Washington, Guardian Angel, and Flagspring Cemeteries are still accepting burials. The Salem United Methodist Churchyard, Wolfangel-Anderson Township, and Asbury Methodist Episcopal have limited space and the future of Hillcrest-Afro American is unknown. The following are believed to have been burial sites long ago but no records of any kind are known to exist: Cherry Grove Presbyterian Churchyard, Lemon Family near Shademoor, unnamed near Hermitage Club, unnamed at Eight Mile and Bridle road, and the Ward Cemetery. The Ward Cemetery was platted incorrectly by the Works Progress Administration for the county in 1940 and may also have been known as the Gray Cemetery. This cemetery was destroyed but the deed for a residence in the Federal Hills subdivision states that part of the rear yard is a cemetery...possibly on the Cul-de-Sac of Copperglow Street. Family burials from the farms of Meix, Edwards, Hopper, Johnson, and Durham were reinterred to the Mt. Washington Cemetery and this was so stated in their records. The Newtown Methodist Churchyard and Turpin Family (Signal Hill) burials, including gravestones were removed to Flagspring Cemetery.

Accuracy was the goal for avoiding possible errors in copying letters and numbers, especially from the aging, deteriorating stones. Many stones were partially covered with dirt, which was removed to complete the legibility of the inscriptions. The gravestones were copied and printed according to the section and rows outlined on the plats, except for Mt. Washington. Existing records for Mt. Washington were cross referenced with the gravestone reading to include all available information. A brief introduction is given with the records for each cemetery as to location, size, history, and present condition. The majority of these records have never been published before and were inaccessible for researchers. All names listed in the Veterans Grave Registration File at the Hamilton County, Ohio, Courthouse as of 1940 were cross-referenced and notations made for military service.

The Independent Order of Odd Fellows, I.O.O. F., Dove Lodge No. 234 purchased 12 acres of land in Mt. Washington on April 4, 1855 from Stephen D. Corbly and his wife Julia A., to be used for lodge, school and cemetery purposes. Purchase was recorded in Deed Book 241, page 609 at the Hamilton County Courthouse. Stephen was the grandson of pioneer John Corbly who settled the area in 1802. The Methodist Episcopal Church had earlier purchased a lot in 1851 on Beechmont Avenue, a part of this land.

On June 14, 1856, Wilson H. Corbly, John Bogart and Abram Hopper became trustees of this cemetery with William E. Mears as secretary. In 1870 a section of the land, that which bordered on the side of today's Campus Lane and the Lodge Building were turned over to the newly organized (1867) Village of Mt. Washington for school purposes, but did not include the church property; these properties became the site of the Mt. Washington water tower.

On November 22, 1873 it was decided there should be five trustees and that they and their successors should manage the cemetery under the name of the Mt. Washington Cemetery Association. The Cemetery was deeded to the Association August 18, 1874 and it was incorporated on August 29, 1952. In 1879 a small mortuary was built in the center of the cemetery.

In 1948 Harry Kuhn had replaced John Widman who served as sexton for 37 years. Mrs. Effie Beisner was elected president, Harry Frazer, secretary-treasurer, with Mrs. Howard Christoff and W. H. Mergler as the other trustees. In 1966 the trustees were William Mergler, president, Clark D. Corbly, vice-president, Milton S. Brown, recording secretary, Fred Heis, treasurer, Estell Ferriell, sexton and Marie S. Christoff, William W. Jordan, and Byron White. The entrance was moved from Beechmont Avenue to Sutton Avenue many years ago.

Space for burials now is limited to the few remaining lot owners. Each sexton over the years made changes in the original plat to use every available space, using part of roadways, paths and borders for burials. We have attempted to illustrate these changes on the plat drawing. Notations for placement of burials as given in the records are listed, sometimes with questionable accuracy. Vandalism is an ongoing problem. In 1958, The Mt. Washington Restoration Company, Incorporated was founded by the dwindling list of descendants and civic minded residents to establish a permanent trust fund to meet the maintenance and preservation needs of the cemetery.

Notations were made in the records for a number of re-interments, which is so stated after the names. The cemetery records were copied by Mrs. Marjorie Diebel, Mrs. Maybelle C. Douglas, Mrs. Barbara McCarthy, Mrs. Mary H. Remler, and Mrs. Marjorie Schuster. All gravestones were copied in September 1986 by Mrs. Mary H. Remler, Mrs. Alma Aicholtz Smith and Mrs. Nancy L. Stern. The names marked with an \* mean that the information given is a combination of the record and gravestone. The information placed on gravestones was used if different from the record. Listings marked with an \* were found only on a gravestone and those without an \* were only listed in the records. Items enclosed in brackets [] were obtained from T.P. White Funeral Home records at New

Richmond, Ohio and from the Barrere Funeral Home on Eastern Avenue, whose records are in the possession of the former owner.

The Scottish Rite, valley of Cincinnati, has established a Gold Medal award to be given to 32nd & 33rd degree Masons who have rendered unusual, outstanding, distinguished, lasting and meritorious service to the United States, to humanity, or to Masonry.							
The medal honors the memory of Killian Henry Van Rensselaer, 33rd degree Mason and former Sovereign Grand Commander of the Scottish Rite in the Northern Masons jurisdiction of the United States from 1861 to 1867. He was responsible for the creation of the Scottish Rite as it now exists in the northern jurisdiction of the United States and for the institution and early growth of the Rite in Ohio. He organized and instituted, by authority of the Supreme Council, the four Scottish Rite bodies in Cincinnati in 1853. His father was a General of the American Revolutionary War.
